

# Inverell

# White Ribbon

# Community

The Inverell White Ribbon Community Project aims to reduce domestic violence and create a safe Inverell community for all women.

Violence against women is a serious issue that impacts on 1 in 3 women. In order to challenge violence and create a safer community we all have an important role to play in speaking out against attitudes that normalise, excuse or accept violence against women.

We'd like to invite you as influential men to participate in a bystander and leadership skill-building session run by White Ribbon Australia on 16 November.

This session for men will:

- explore various forms of violence, its causes and the impact on individuals, families and the community
- explore how men can be role models and leaders in modelling respect to other men, their families & friends
- discuss practical tools and ways men can utilise their skills, networks and experience to promote respect for women in their workplaces, schools and sporting clubs
- discuss what's happening in Inverell and how you can get involved!

Inverell Library, Meeting Room, 55-59 Campbell Street, Inverell

16 November 2017 from 12.30pm to 2.30 pm

To RSVP please email [Stephen.Golding@inverell.nsw.gov.au](mailto:Stephen.Golding@inverell.nsw.gov.au).

We hope to see you there. Together, let's build a future free from violence and abuse.

Feel free to bring a colleague or friend.
